MOTION: to pay the CRA tax bill. ACCEPTED

Budget Considerations:

waiting for the \$5500 bill from RMM for the Race School.

Deposits for Race Rounds 1 & 2 have been made.

Ambulance still requires payment.

Race School(RS) Debrief:

40 racers graduated.

1 person was not granted a license, was recommended to her to take more rider training to build up her confidence and speed.

1 person left mid day after going into the gravel a few times.

ACTION: Ryan M to send an email out to instructors and riders for feedback and testimonials.

There was some administrative communication errors during mock starts drill.

Instructors did not practice the drills on Saturday. Next year have the instructors do these prior to their "play time"

20 minute sessions worked well.

Keeping Race students separated from ART students was very good.

Instructors need to learn to reel in the RS guys who want to go fast in the ART session.

Next year could sell more ART spots, but we do not want to sacrifice quality coaching for more numbers.

At the end of the race school day students had asked if there would be more ART spots open.

Street GP

Info to be released on social media this week.

ACTION: Rob D to set up MSReg.
